OFFICE, 25 & 27 Fourteenth St. WEDNESDAY, JAN, 7, 1874.

THE STREET RAILWAY .- The directors of this company declared a seven per cent dividend on the capital stock out of the earnings of the last six months at their meeting Monday night. This dividend makes fourteen per cent in at they have declared for the year 1873, having pald seven per cent in July last. Considering that in addition to this dividend the company pays all taxes for the stockholders, the dividend really amounts to about sixteen per cent, which is not so bad for a company whose stock sold at fifty cents on the dellar a few years ago. The gross recipits of the company for the year just closed were \$53,812 20 as against \$51,304 85 for the previous year, while the expenses were \$40,003 48 as against \$35,517 00. The effects of the panic this last fall were about offset by the effects of the epizootic in the fall of '72, and lost the company nearly the same amount of money. But notwithstanding this fact the their meeting Monday night. This divi-dend makes fourteen per cent that they company nearly the same amount of money. But notwithstanding this fact the ness shows a regular healthy growth. The effects of the panic have now entirely disappeared. The receipts of the company in December were up to the usual standard, and since the New Year are coming in very satisfactory. In the expenses of the company for the last year are included an extensive outlay for lumber in relaying track, in addition to the usual purchases of supplies for several months

THE RIGHT OF PRIVATE INTERPRETA-TION.—One of the boasts of Protestantien is that it accords to every person the right of private interpretation as against ecclesiastical and especially dogmatical pre-This boast is perhaps more theoritical than real, for generally speaking people are not so willing to accord family are invited. this right as to claim it. We observe, however, that the newly made Episcopal Bishop of Chicago, Bishop Cheney, of the Reformed Church, accords this right very fully. In his testimony in the law suit now going on there between his Church membership and the regular Episcopal Bishop of Illinois, in regard to the possession of the Church edifice, he was examined quite fully as to his views of the office, and prerogatives of a Bishop. The following extract from his evidence shows his opinions on the subject :

his opinions on the subject:

Q — Jo the members of the Evangelical Church
party deny that the Preblyters and Deacons are
amenable to their fil-bop respectively?

Q.—They, are amenable to what is called, in
the ordination-service, his "Godly admonition."

Q.—Are they not amenable, according to the
view of such Evangelical party, to such Bishops,
in matters of government and discipline?

A.—If I understand the question, I should say
a Presbyter in the Evangelical party regards
timsel; as amenable to any duly-organized coclesiastical court, not to the Bishop.

Q.—You have stated that the party regards
the Presbyter as amonable to the Bishop in respect to his "Godly admonitions." What Godly
admonitions?

A.-I do not know-they vary with circum Q.—Do you mean to say that the amenability opened upon whether the admonition is God!

r not?

A.—I do.

Q.—Who is to be the judge of whether the adnorditions are Goddy?

A.—The conscience of the person admonished,

Q.—Then each person is amonable, after all

A.—suided by the Word of God and prayer.

Q.—And each individual is to be the judge of
shother the given case of admonition is Godly

—is there any authority to determine in Church, according to the belief of said togellest party, whether such admonitions Godly or not?

) Godly or not? A.—The authority of the Word of God. Q.—Then it comes back to the point that each and it is to determine for himself the whole question. A.—Not by himself, outside of the Word of Sod, but by hins.

Q.—But he-judges whether the admonition is n conformity with the Word of God?

And he alone?

Payments of Dividents -- A Picthora

The New York Tribune says that the new year opened with the rapid development of the bull campaign in Wall street, wall Paper, Dec which the plethora of money, the distribution of sixty or seventy millions, in coupons and dividends during the next fortnight, and the certainty, of continued inflation from the necessities of the Government, have combined to produce. The Vanderbilt stocks continued to lead the

Vanderbilt stocks continued to lead the advance, the rise being particularly marked in New York Central and Western Union. Other leading through lines, and lines sure of a profitable business, like the Delaware, Lackswanna and Western at the East and the Northwest and St. Paul at the West, advanced steadily. New York Central shows a gain of 4½ per cent between the day before Christmas Day and the day after New Year's; Lake Shore shows a gain of nearly 4 per cent; Northwest of about the same; Western Union of nearly 3, &c. Pacific Mail has also profited by the rise, and, indeed, it has been tolerathe rise, and, indeed, it has been tolera-bly evenly distributed over the entire list bly evenly distributed over the entire list of first and second rate stocks. There is a general inquiry, also, for good raffroad bonds, and an advance in the prices of several of them. Northwestern bonds are stimulated by the reports of purchases

The bulls count confidently on a lively The buils count connently on a lively time during January, relying first upon the abundance of money seeking investment, next upon the certainty that the \$44,000,000 inflation cannot be withdrawn and equally upon a third point, to wit, the more economical management of the railroads since the panic, and consequent increase in their net earnings. If there are any bears, or if the bears, being found to exist, have any definite plan of cam-

to exist, have any definite plan of campaign, it has not yet been heard in the bury and confident air of Wall street in January, 1874.

The January interest and dividends, the payment of which was begun on Friday, will aggregate nearly \$75,000,000. Of this the Government will pay \$25,733, 279 gold interest on various bonds, \$1,938, 705 currency interest on the Pacific Rall-way second mortrage bonds, and \$11,500. way second mortgage bonds, and \$11,500,000 in redemption of 1874 bonds, though a portion of these will be exchanged for the new fives. The interest on State and City bonds is a large sum, and the January coupons on various railway bonds represent many millions of dollars. The various institutions at which coupons were redeemed presented an animated appearance on Friday. Clerks and cashiers were kept busy from the opening to the close of business hours, and the sums disbursed were very large. The number of defaulting roads was much smaller than had been expected, and the fact that they would default on their Janfact that they would default on their Jan-uary interest had been previously an-nounced with the reasons except in the

and January, 1875.

The cutire number of railroads in default is more than 115, representing an indebtedness on interest account of more than \$27,000,000.
